2025

1) What is Trademark?

A trademark is a visual representation of a name, word, label, device or numeric characters utilized by a business to differentiate its goods and/ or services from other similar goods and/ or services deriving from a different business.

2) Types of trademarks that can be registered in India

- Words and service marks
- Shape marks
- Logos and symbols
- Collective marks
- Series Marks
- The Certification mark

3) Validity of Trademark Registration?

Following the registration of the trademark, ®,™ Symbol can be used by the owner and the said trademark registration will be valid for a fixed period of 10 years. However, the registered trademarks approaching their expiry can be easily renewed by applying for a trademark renewal application for an extended period of another 10 years.

4) Step By Step Procedure to Register A Trademark

The process to get a trademark registered involves filing of the trademark registration application, examination of the trademark, publication or advertisement of the trademark, opposition (objections) if raised/ found, registration of the trademark and renewal of the trademark after every 10 years.

Procedure for Trademark Registration in India
